Dear Ed:

Thank you for your letter of July 28, 1980.
I believe that your letter contains the facts and recommendations
necessary.

Enclosed is a copy of my letter of this date to
Tad Decker, together with copies of two bids. Also enclosed
is a copy of a letter dated June 2, 1980 from Earl Holtgraewe
relating to the asbestos waste pile and a photocopy of a survey
establishing the location area of secured asbestos cement.

Would you please examine these items and call Pat
Costello in my office (I will be on vacation until August 18)
to discuss whether or not anything further is necessary on our
part to assure our clients that this waste pile will present
no problems for them. Thank you for your cooperation.

Yours very truly,

Gary S. Heifetz
